Our distributor:

Functional Safety

Global solutions, from development up to commissioning, for the Functional Safety of your equipment.

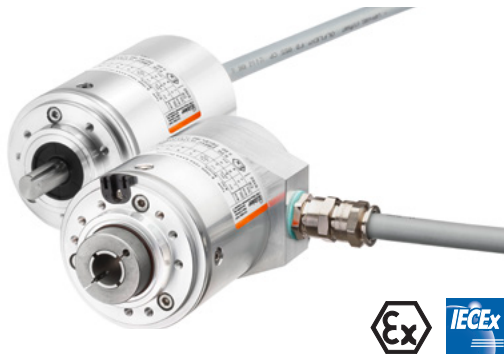

www.kuebler.com/safety

Safe encoders SIL3/PLe, SIL2/PLd

- Incremental Sendix SIL encoders with SinCos output
- Absolute singleturn and multiturn Sendix SIL encoders with SSI and SinCos output

- Sendix SIL ATEX / IECEx encoders for Functional Safety

Safety modules SIL3/PLe

- Safety-M compact
The simplest solution for safe speed monitoring

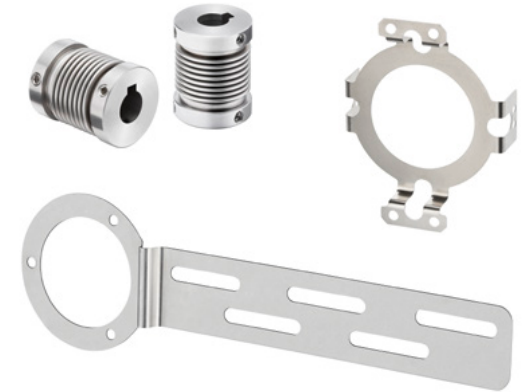

- Safety-M modular
The most modular and flexible solution for safe speed and position monitoring

Couplings, safe mounting

- Bellows couplings (FS)
- Fixing components for hollow shaft encoders

Connection technology solutions

- M12, M23 connection technology with Sub-D connectors
